

To Our Dear Passengers,

DOTC-MRT3 will be implementing a **ONE-WAY FLOW SCHEME** at **TAFT AVENUE STATION** starting **JUNE 8, 2008**. This will serve as a stopgap measure to ease the overcrowding in the unpaid area of the station while improvements are being done.

We will be installing directional signage and have instructed our Station Personnel to assist you in this endeavor. All available MRT3 Security Personnel, including those supervising the Segregation Scheme, shall be redeployed to aid you in the One-Way Flow Scheme. The Segregation Scheme will still be in effect. We hope that you, our valued passengers, shall continue to observe and adhere to the practice of the Segregation Scheme, given the positive outcome it has generated for the past two years.

We assure you that DOTC-MRT3 strives to provide you the best service possible, with your esteemed cooperation.

LET US HELP EACH OTHER.
